How Do We Provide The Energy to Transform Our Future?

At Constellation, we are dedicated to lifting up our communities. We volunteer our time and commit resources to build a future in which all of our customers, employees, business partners, and communities benefit equitably from social, environmental and economic progress. We are energized by these experiences and inspired to help everyone succeed. Together we can be a catalyst for positive change in communities across America.

CENTERPIECES*

"Art is born of the observation and investigation of nature." — Cicero

Our beautiful centerpieces are reproductions of artwork submitted to various contests hosted by PDE and generously contributed by members of the Delaware Estuary community.

Interested in taking one home? To purchase, simply bring your selected artwork to the checkout area starting at 8:15 PM. **Each canvas can be purchased for \$20**. Special thanks to tonight's Centerpiece sponsors, ASA Analysis and Communications and Monroe Energy – we're grateful for your support.

Artwork by Sharon

Naccarato

Bidding will begin at 5:00 p.m.

- 1. A bid sheet will be located near each auction item. When placing a bid, please fill in your name, email or phone number, and bid amount.
- 2. Minimum bid increments vary from item to item and are listed on each bid sheet. Each time you raise the bid, you must raise it by at least this amount.
- 3. Bidding will end at 8:15 p.m. An announcement will be made 10 minutes before the closing of the silent auction.
- 4. At 8:15 p.m., the highest bid on each bid sheet will be highlighted. If your name is highlighted, please pick up your bid sheet(s) and item(s) and proceed to checkout. If you are unable to carry the items you've won, please bring your bid sheet(s) to the checkout table and someone will assist you.
- 5. If your bid sheet has a white card stapled to it, your item includes a gift certificate that you will pick up at checkout.
- ${\bf 6.}\;$ All items are sold "as is". This includes expiration dates listed on tickets.
- 7. All sales are final.

WINE PULL INSTRUCTIONS

The wine pull will begin at 5:00 p.m.

- 1. Each bottle of wine is wrapped in a paper bag.
- 2. Make a minimum donation of \$20 to 'purchase' a cork.
- 3. Keep the cork until the end of the night.
- 4. Before you leave, select a bottle from the display to take home.
- 5. One bottle of wine is drawn for each cork.
- 6. You must be present to win.

Powering progress.

Our vision is to power a future where people use less energy, and it's cleaner, safer, and delivered more reliably than ever.

Raise the Readings — Back the YSI meter and boost freshwater science

Equip PDE's Science team with a Handheld YSI Meter to spot-check temperature, pH, dissolved oxygen, and more at freshwater mussel sites and submerged aquatic vegetation habitats. Your gift powers better data, better decisions, and better outcomes for our streams.

Through the power of offshore wind, we will strengthen our communities, forge a new industry, and build a robust clean energy economy.

Contributing to the communities we serve is integral to our business. Whether it be investing millions in our infrastructure; protecting our watersheds; assisting customers in need with their water bill; or supporting community initiatives, we seek to improve the quality of life of those we touch.

In that regard, we proudly support the Partnership for the Delaware Estuary!

WE KEEP LIFE FLOWING®

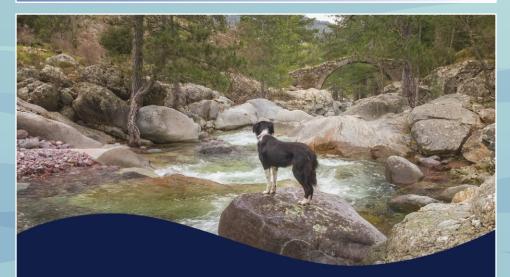

Our goal is to Preserve, Protect and Conserve our precious water resources now and into the future.

Protecting and Providing Essential Resources For Life

ASA Analysis & Communication, Inc.

ASA is an environmental science and engineering consulting firm that provides technical services in ecological sciences, natural resource evaluations, environmental impact assessment, environmental engineering, and permitting for large water users.

Contact Us! Radhika deSilva info@asaac.com , 215-470-2103

ASA has extensive, nationally-recognized experience supporting clients with Clean Water Act, Endangered Species Act, Federal Energy Regulatory Commission, and National Environmental Policy Act. We have been supporting the electric power sector in the United States since 1995, and now support refineries and large industry as well.

Certified MWBE, WOSB

For over 90 years, Carollo has pioneered breakthroughs in water technology – from resilient infrastructure to safeguarding public health and ecosystems. All with a single purpose: shaping a future where water enriches every community it touches.

In the Delaware Estuary, we're advancing innovative, adaptive solutions that preserve the region's rich heritage and strengthen communities for the future.

M MOTT MACDONALD

We're teaming up with local communities and environmental organizations like the Partnership for the Delaware Estuary to deliver sustainable water solutions. As a global engineering, management, and development consultancy, we design climate-adaptive infrastructure that not only ensures clean, accessible water for generations to come—but also safeguards wetland habitats and the wildlife that depend on them.

mottmac.com

Colonial Pipeline has served America as the nation's largest refined products pipeline for **more than 60 years.**

We are committed to serving as **Trusted Partners** and responsible stewards of the environment. That's why we're proud to support organizations like the **Partnership for the Delaware Estuary**, a group that shares our dedication to protecting the environment, conserving land, and building stronger communities.

We are Colonial Pipeline.

We are committed to serving our nation's energy needs for generations to come.
