2027 DELAWARE ESTUARY SCIENCE & ENVIRONMENTAL SUMMIT

SPONSORSHIP OPPORTUNITIES

FEBRUARY 23-24, 2027
CLAYTON CONFERENCE CENTER
AT THE UNIVERSITY OF DELAWARE

ABOUT THE EVENT

The Partnership for the Delaware Estuary's (PDE) Biennial Delaware Estuary Science and Environmental Summit is taking place February 23 – 24, 2027, at the Clayton Conference Center at the University of Delaware.

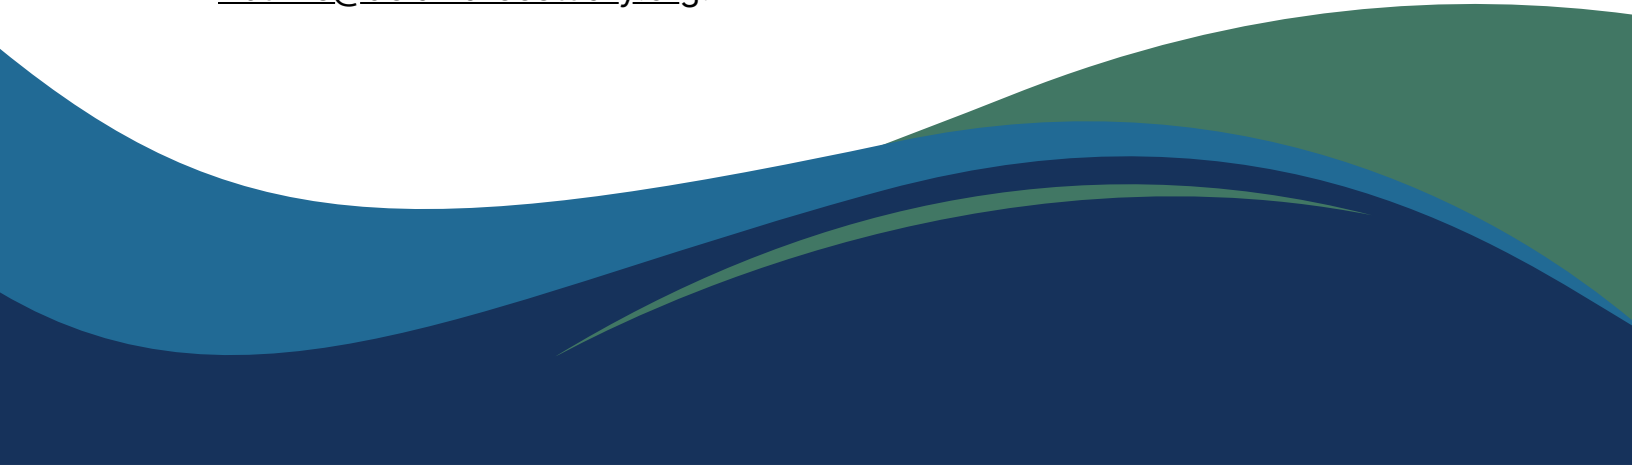

The Summit is the Partnership's premier event for sharing and advancing science that will shape the environmental future of our region. Since its inception, the goal of this event has been to bring together scientists, managers, restoration practitioners, and educators from different sectors to share the latest scientific information, network, and make ecological linkages that promote a better understanding of the watershed.

Our theme for the 2027 Summit is *Rooted in Science, Growing with Innovation*. There will be fantastic speakers, an engaging poster session reception, networking opportunities, and more.

Sponsorship helps make the Summit possible and keeps registration fees as low as possible for the 300+ scientists, environmental professionals, policy makers, and students expected to attend.

The following page outlines our Summit sponsorship and exhibitor opportunities, explaining the many benefits our sponsors receive. A commitment form can be found on the last page. To ensure inclusion in Summit materials and maximize benefits, the deadline to submit the form and become a sponsor is October 30, 2026.

We are hopeful you will join us as a sponsor of the 2027 Summit! If you have any partners who might be interested in being a sponsor or exhibitor, please feel free to share this information with them. For more information, or if you have any questions, please contact Haley Burns at hburns@delawareestuary.org.
